TAI CHI FOR HEALTH AND FALL PREVENTION

The essence of Tai Chi practice is balance and harmony. Tai Chi allows us the opportunity to slow down and be present in a fast paced and often stressful world. The slow, gentle, mindful way of moving imparts grace to the body, calmness to the mind and lifts the spirits. The movements translate well into our everyday activities making us more aware and confident of how we move through life. A centuries old practice, Tai Chi is being recommended by health organizations around the world as an effective exercise which can improve balance and posture, prevent falls, build immunity, reduce stress and chronic pain and even promote cognitive function. The CDC and National Council on Aging recognize Tai Chi as an effective program for fall prevention. There are many forms of Tai Chi, but specially designed programs like Tai Chi for Health by Dr. Paul Lam have many advantages. Come join the movement! Class is limited to 25 participants. **FREE to the public.**

ZUMBA GOLD - THE FUN WORKOUT FOR ANYONE ANY AGE ANY ABILITY

Zumba Gold was designed for the older active adult, a person who hasn't been exercising in a long time or individuals who may be limited physically. The biggest difference between Zumba Gold and Zumba basic is that Zumba Gold is done at a much lower intensity. It's just as much fun, just not as fast! Zumba Gold utilizes the same great Latin styles of music and dance that are used in the Zumba basic program, including the Salsa, Cha-Cha, Rock 'n Roll and Merengue. The Zumba Gold program strives to improve balance, strength, flexibility and most importantly, the heart. When you take the Zumba Gold class, be sure to wear comfortable workout clothing, take water and a towel, along with a "ready to party" attitude! **FREE to the public.**

ZUMBA GOLD FOR WHEELCHAIR/WALKER USERS

Zumba movements are designed to mimic many typical Latin dance styles like salsa, rumba, and cumbia. Although traditionally many of these dances require use of your entire body, they can easily be adapted for people with mobility challenges. Many movements can be done with the upper body from a seated position in a wheelchair. Because so many different styles of music are usually incorporated into typical Zumba classes, participants join into the motions they feel most comfortable with. This class is a great way to strengthen the upper body as well as the lower extremities such as ankles and feet (if able). The class can be taken from your own wheelchair or from a regular chair. **FREE to the public. Wheelchair participants will be given first priority. Chairs provided.**

YIN YOGA FOR HEALTH AND HAPPINESS

Yin Yoga is a little different than the "typical" yoga class. It is a more passive yoga class where we learn to relax our muscles in order to improve the health of our joints, ligaments, fascia, and all other connective tissues that normally are not exercised in traditional exercise. Please let the instructor know of any injuries or concerns as she may need to modify a pose to meet your specific needs. Yin Yoga is recommended highly if you are over the age of 35 as it helps to keep the connective tissues, joint, and other aspects of the body in proper alignment and good health as we age. Yin also teaches breathing techniques that help improve mood, sleep, and mobility. This is an all levels class from beginners to advanced. Please bring your own yoga mat and towel. **\$5/class. Payable to INST.**

READ AND REFLECT: BOOK CLUB FOR SENIORS

Tuesday, September 27 – *Brooklyn* by Colm Tóibín. Tóibín's novel tells the story of Ellis Lacey, who immigrates to the United States from Ireland in the years following World War II, leaving behind her fragile mother and her charismatic sister. In America, she finds work in a department store and even finds love, but events back home threaten to destroy the promise of her future. "A moving, deeply satisfying read" (*Entertainment Weekly*), *Brooklyn* is an engaging, powerful novel from one of our generation's most gifted writers.

Tuesday, October 25– *Brown Girl Dreaming* by Jacqueline Woodson, part of One Book One Village 2016. Through this powerful memoir in verse, Woodson tells the story of her childhood in both South Carolina and New York in the 1960s and 1970s, amid the legacy of Jim Crow and the birth of the Civil Rights Movements. Described as "a poetic, eloquent narrative that is not simply a story... but a mature exploration of grown-up issues and self-discovery" (*New York Times Book Review*), *Brown Girl Dreaming* grapples with a volatile era through the eyes of a child. **Be sure to attend our special evening with the author on Monday, October 17 at the Auburn High School auditorium!**

Tuesday, November 29 – *The Atomic Weight of Love* by Elizabeth J. Church. In Church's debut novel, Meridian Wallace, an ornithologist at the University of Chicago, falls in love with Alden Whetstone, a physics professor. Meridian abandons her career to follow Alden to Los Alamos, where he is working on a secret government project that would turn out to be the atomic bomb. Years later, Meridian meets a young geologist and Vietnam veteran, and together they look for ways to mend a broken world. In a novel that spans the claustrophobic era of World War II and the chaotic 1970s, *The Atomic Weight of Love* tells the story of a young heroine and the changing roles of women in society across a generation.

GOLF LESSONS

Indian Pines Golf Course, located at 900 Country Club Drive, is an 18-hole public golf course located in Auburn and adjacent Opelika. In 2005, the course was cited by *Golf Digest* in their rating of Auburn as the "best golf city in America". It is a par 70 course with summer bermuda grass and a bentgrass/ryegrass mix in the winter. Indian Pines was originally constructed in 1946 as the Saughatchee County Club, a nine-hole course, with the first tournament being held on July 4, 1947. The back nine holes, designed by Eddie Loos, were built in 1951. In 1976, the course was sold to the cities of Auburn and Opelika, which have operated it as a municipal course since. The course was redesigned in 1999. After fire destroyed the old clubhouse, a new clubhouse was constructed in 2006. Indian Pines hosts the Indian Pines Invitational, an amateur tournament drawing 200 participants and sponsored by Miller Lite. Indian Pines is the home course of the Auburn High School Tigers golf team.

Golf lessons are taught by two professionals on site: Fred Holton, PGA General Manager/Professional and Jerry Bavaro, PGA Head Golf Professional. Golf lesson rates for Adults are \$75/hr. or \$45/half hour and rates for junior golf lessons are \$65/hr. or \$35/half hour. To register for golf lessons or questions, please contact (334) 821-0880. AACT FALL JR. PRODUCTION: TUT-TUT

The musical Tut-Tut! Is inspired by the life of “King Tut” (the 10-year old who became King of Egypt) with a touch of Mark Twain’s “The Prince and the Pauper”. The story begins with a young Prince Tut who is bored of the royal life, so he wanders into the streets of the city looking for adventure. Suddenly he meets a peasant who looks just like him! They concoct a plan to trade places for three days. But when the king dies Prince Tut must ascend the throne, their plan goes terribly awry. **To make reservations or purchase tickets, please visit auburnact.org. Our reservation information line is (334) 332-0881. For more information, go to facebook.com/auburnact. \$8/children, students/seniors. \$10/adults.**

The Auburn Parks and Recreation Therapeutics Program offers recreational activities, programs/leagues, social activities and field trips for citizens who have mental and physical disabilities. We provide an opportunity for children and adults to build friendships in a fun and encouraging environment. The programs are designed to strengthen and “show off” the participants’ abilities, rather than their disabilities. All programs are free, unless otherwise noted. The Therapeutics Program also supports and works with the Lee County and State of Alabama Special Olympics programs. NEW! FAMILY FITNESS CHALLENGE @ THE PEDIATRIC MOVEMENT & PHYSICAL ACTIVITY LAB - AUBURN UNIVERSITY!

The Pediatric Movement & Physical Activity Lab at Auburn University, under the direction of Dr. Melissa Pangelinan, Ph.D., will run a family-based adapted activity and fitness intervention aimed at promoting motor competence and physical activity levels in those with and without developmental disabilities. Our inclusive program allows families with children/teens of all ability levels to participate. On the 1st Thursday of every month, parents attend educational sessions on topics of interest (e.g., behavior supports, diet, family counseling), while the children/teens work one-on-one with an activity coach. On the remaining Thursday nights, the parents and children/teens will work together with their activity coach. Given the high demand of this program, families will complete an application and may be randomly assigned to participate in the Fall or Spring semester. Families that successfully complete the challenge will be eligible for prizes. For more information and to apply, please visit: <http://aupedmov.weebly.com> or contact Dr. Pangelinan at aupedmov@gmail.com.
