TAI CHI FOR HEALTH

The essence of Tai Chi practice is balance and harmony. Tai Chi allows us the opportunity to slow down and be present in a fast-paced and often stressful world. The slow, gentle, mindful way of moving imparts grace to the body, calmness to the mind and lifts the spirits. The movements translate well into our everyday activities making us more aware and confident of how we move through life. A centuries old practice, Tai Chi is being recommended by health organizations around the world as an effective exercise which can improve balance and posture, prevent falls, build immunity, reduce stress and chronic pain and even promote cognitive function. The CDC and National Council on Aging recognize Tai Chi as an effective program for fall prevention. There are many forms of Tai Chi, but specially designed programs like Tai Chi for Health by Dr. Paul Lam have many advantages. Come join the movement! Class is limited to 25 participants. **You can only sign up for ONE session per quarter. FREE to the public.**

ZUMBA GOLD - THE FUN WORKOUT FOR ANYONE ANY AGE ANY ABILITY

Zumba Gold was designed for the older active adult, a person who hasn't been exercising in a long time or individuals who may be limited physically. The biggest difference between Zumba Gold and Zumba basic is that Zumba Gold is done at a much lower intensity. It's just as much fun, just not as fast! Zumba Gold utilizes the same great Latin styles of music and dance that are used in the Zumba basic program, including the salsa, cha-cha, rock 'n roll and merengue. The Zumba Gold program strives to improve balance, strength, flexibility and most importantly, the heart. When you take the Zumba Gold class, be sure to wear comfortable workout clothing, take water and a towel, along with a "ready to party" attitude! **FREE to the public.**

ZUMBA GOLD FOR WHEELCHAIR/ WALKER USERS

Zumba movements are designed to mimic many typical Latin dance styles like salsa, rumba, and cumbia. Although traditionally many of these dances require use of your entire body, they can easily be adapted for people with mobility challenges. Many movements can be done with the upper body from a seated position in a wheelchair. Because so many different styles of music are usually incorporated into typical Zumba classes, participants join into the motions they feel most comfortable with. This class is a great way to strengthen the upper body as well as the lower extremities such as ankles and feet (if able). The class can be taken from your own wheelchair or from a regular chair. **FREE to the public. Wheelchair participants will be given first priority. Chairs provided.**

YIN YOGA FOR HEALTH AND HAPPINESS

Yin Yoga is a little different than the "typical" yoga class. It is a more passive yoga class where we learn to relax our muscles in order to improve the health of our joints, ligaments, fascia, and all other connective tissues that normally are not exercised in traditional exercise. Please let the instructor know of any injuries or concerns as she may need to modify a pose to meet your specific needs. Yin Yoga is recommended highly if you are over the age of 35 as it helps to keep the connective tissues, joint, and other aspects of the body in proper alignment and good health as we age. Yin also teaches breathing techniques that help improve mood, sleep, and mobility. This is an all levels class from beginners to advanced. Please bring your own yoga mat and towel. **\$5/class. Payable to INST.**

HAND AND FOOT CARD CLUB

Come together to enjoy one of America's favorite card games, Hand and Foot! Hand and Foot is a game related to Canasta, in which each player is dealt two sets of cards - the hand, which is played first, and the foot, which is played when the hand has been used up. Although most people say that Hand and Foot is best played by four people in partnerships, it can also be played by six in two teams of three, or by any number of people playing as individuals. The game is easy to learn and tons of fun! An experienced player will be present to help you get started so don't be shy! **FREE to the public.**

READ AND REFLECT: BOOK CLUB FOR SENIORS

Tuesday, January 31, 2017 – *The Boys in the Boat: Nine Americans and Their Epic Quest for Gold at the 1936 Berlin Olympics* by Daniel James Brown. Following the Great Depression, nine working-class students – the children of loggers, shipyard workers, and farmers -- competed on the crew team at the University of Washington. They would go on to beat teams from the East Coast and United Kingdom, and would eventually defeat the German rowing team at the 1936 Olympic Games. The book draws on the boys' own journals and personal accounts, as the team demonstrates grit, resilience, and the ability to overcome seemingly insurmountable odds.

Tuesday, February 28, 2017 – *I Contain Multitudes: The Microbes Within Us and a Grand View of Life* by Ed Yong. With humor and insight, science journalist Ed Yong walks us through how bacteria and other microbes help protect us from disease, as well as help other animals either protect themselves or accomplish extraordinary feats. Yong helps us see that microbes should often be seen, not as germs to be eradicated, but as helpful partners to other living things. Yong introduces us to these microscopic creatures, as well as to the scientists who study them.

GOLF LESSONS

Indian Pines Golf Course, located at 900 Country Club Drive, is an 18-hole public golf course located in Auburn and adjacent Opelika. In 2005, the course was cited by *Golf Digest* in their rating of Auburn as the "best golf city in America". It is a par 70 course with summer bermuda grass and a bentgrass/ryegrass mix in the winter. Indian Pines was originally constructed in 1946 as the Saughatchee County Club, a nine-hole course, with the first tournament being held on July 4, 1947. The back nine holes, designed by Eddie Loos, were built in 1951. In 1976, the course was sold to the cities of Auburn and Opelika, which have operated it as a municipal course since. The course was redesigned in 1999. After fire destroyed the old clubhouse, a new clubhouse was constructed in 2006. Indian Pines hosts the Indian Pines Invitational, an amateur tournament drawing 200 participants and sponsored by Miller Lite. Indian Pines is the home course of the Auburn High School Tigers golf team.

Golf lessons are taught by two professionals on site: Fred Holton, PGA General Manager/Professional and Jerry Bavaro, PGA Head Golf Professional. Golf lesson rates for Adults are \$75/hr. or \$45/half hour and rates for junior golf lessons are \$65/hr. or \$35/half hour. To register for golf lessons or questions, please contact (334) 821-0880. Red Balls: 8 and Under

Orange Balls: 9 - 10

Green Balls: 11 - 12

BIRTH VILLAGE COMPREHENSIVE CHILDBIRTH PREPARATION

Offered through the local non-profit East Alabama Birth Village, this revolutionary childbirth class is based on a "revolving door" concept which allows you to sign up anytime during pregnancy and begin the course as soon as you like. The earlier you sign up; the more flexibility you have. Birth Village Comprehensive Childbirth Preparation comprises six units of study, each lasting 2.5 hours. Certified childbirth educators present information in traditional ways as well as through the use of hands-on exercises, birth art, crafting, role playing, and games. We teach up-to-date, evidence-based, healthy birthing practices that help you explore your desires for your birth

and articulate those desires to your partner and caregiver. AACT YOUNG PERFORMERS “CHEAPER BY THE DOZEN”

Suppose you’re an attractive high school girl and you’re not only a member of a large and unique family but your father is, in fact, one of the great pioneers of industrial efficiency. Then suppose he decides, for no apparent reason, to apply his unorthodox methods to you and to the rest of your big family. The results are terribly embarrassing, funny and—it must be admitted—extremely effective! Audiences of all ages will laugh and be touched by this story. **\$10/Adults, \$8/Students and Seniors.
